

## Geography long enquiry

During this long enquiry we will:

- Learn about the countries and capital cities in Great Britain.
- Learn about the continents and the oceans of the world.
- Learn about the continent of Africa and the country The Gambia.
- Look at the similarities and differences of the capital city of The Gambia and England.

Throughout this geography long enquiry, we will also be learning about and using the disciplinary knowledge for geography. This will help us to think like Geographers while learning and answering questions.

What I already know:

In Puffins and Penguins, we learnt about:

- some similarities and differences between life in this country and life in other countries.

Last year in Unit 2, we learnt about:

- Human and physical features of our local environment.
- The weather in the UK and compared this to a different country.

# Preston Primary School - Geography Knowledge Organiser

**Topic: How is Banjul different to London?**

**Term: Autumn 2**

**Year group: Unit 2**

**Duration: 5 weeks**

Week 1	Week 2	Week 3	Week 4	Week 5
<ul style="list-style-type: none"> <li><input type="checkbox"/> I know the continents and oceans of the world.</li> <li><input type="checkbox"/> I know the countries that make up the UK.</li> <li><input type="checkbox"/> I know the seas that surround Great Britain.</li> </ul>	<ul style="list-style-type: none"> <li><input type="checkbox"/> I can locate England and Scotland on a map.</li> <li><input type="checkbox"/> I know the capital cities of England and Scotland</li> <li><input type="checkbox"/> I know some of the landmarks in England, London and Scotland</li> <li><input type="checkbox"/> I know what the flags of England and Scotland look like.</li> </ul>	<ul style="list-style-type: none"> <li><input type="checkbox"/> I can locate Wales and Northern Ireland on a map.</li> <li><input type="checkbox"/> I know the capital cities of Wales and Northern Ireland</li> <li><input type="checkbox"/> I know some of the landmarks in Wales and Northern Ireland.</li> <li><input type="checkbox"/> I know what the flags of Wales and Northern Ireland look like</li> </ul>	<ul style="list-style-type: none"> <li><input type="checkbox"/> I know Africa is the second largest continent.</li> <li><input type="checkbox"/> I know what the weather is like in Africa.</li> <li><input type="checkbox"/> I can locate The Gambia on a map.</li> <li><input type="checkbox"/> I know what the flag of The Gambia looks like.</li> <li><input type="checkbox"/> I know the capital city of The Gambia.</li> </ul>	<ul style="list-style-type: none"> <li><input type="checkbox"/> I know some of the landmarks in Banjul</li> <li><input type="checkbox"/> I know what the weather is like in Banjul.</li> <li><input type="checkbox"/> I can use skills of a Geographer to answer the long enquiry question 'How is Banjul different to London?'</li> </ul>

Word	Meaning
Continent	A very big piece of land on Earth that contains countries. There are seven of them, like Africa, Asia, and Europe.
Country	A large area of land where people live under the same government and rules. Each country has its own name, like England, France, or Spain.
City	A big place where lots of people live and work, with many buildings, roads, and shops. London and Exeter are cities.
Globe	The planet on which we live.
Landmark	A building or place that is easily recognized, especially one that you can use to judge where you are:

## Disciplinary knowledge for geography:

Disciplinary knowledge is what we use to learn how to think like geographers. We will use this throughout our geography long enquiry to support our learning.

Can you think of any jobs that might use these skills?

Country	Capital City	National flower	Flag
England	London		
Wales	Cardiff		
Scotland	Edinburgh		
Northern Ireland	Belfast		
The Gambia	Banjul		

Geographical enquiry  	Geographers answer questions using evidence and ask their own questions.
Map skills 	Geographers use maps to analyse and understand the world.
Similarities and differences  + 	Geographers look for similarities and differences to understand the world around them.
Cause and consequence  + 	Geographers know that events can change geographical features.
Continuity and change  + 	Geographers know that some locations stay the same, some change over time and some change quickly.
Collect and interpret data  	Geographers know how to collect and interpret data to answer questions.
